Title: Becky's Fund

Becky's Fund executes its outreach strategy through national awareness and media campaigns, using radio, print and television public service announcements. The non-profit leverages education, Web 2.0 technology and essential resources to enable critical one-to-one connections between victims and survivors. These crucial resources take aim at the heart of damaging social beliefs that perpetuate a cycle of struggle among so many people in our community. Through its website and programs, Becky's Fund also connects donors with the specific needs of domestic violence victims. During the interview we learn that Becky's Fund will sponsor the DC WALK A MILE IN HER SHOES walkathon. During which men are encouraged to walk one mile in high heels to bring more awareness to domestic violence.

Title: Real Men Get Checked

Get Checked 4 Life (GC4L) is a non profit organization created by a concerned physician to improve the quality of life within communities and ethnic groups that are underserved by the medical community. Racial discrimination, a lack of access to healthcare, and cultural barriers to health education are the classic contributors to poor health conditions among underserved populations. For these reasons, Get Checked 4 Life pays particular attention to the health concerns of communities that are at an increased and disproportionate risk for illnesses such as: HIV/AIDS, stroke, cancer, asthma, coronary heart disease, diabetes, and hypertension. GC4L believes that every man, woman, and child is entitled to good health and the necessary tools to teach them to live a long, healthy life. The organization will hold a health fair On fathers day weekend on Saturday June 18th, 2011 Time: 10am to 4pm: Location: DC Armory: Real Men Get Checked has made its way to our nation's capitol.

Program: "Community Focus-FM"
Host: Guy Lambert
Issues: Health, Education, and Youth
Aired: 06/12/11
9:01 Minutes of a 60 minute show
Guest: Mishka Ferrell
Title: Johns Hopkins University

The National Children's Study will examine the effects of the environment and genetics on the growth, development, and health of children across the U.S. The study will follow participants from gestation until 21 years to improve the health and well-being of children and better understand the role various factors have on health and disease. Data from the study will contribute to the research of conditions such as pre-term birth, chronic health conditions such as asthma, obesity, diabetes, as well as other health and behavior outcomes. Researchers believe findings from the study will help provide critical information to assist in the development of prevention strategies, health and safety guidelines and future research. Montgomery County is one of 105 counties across the country that have been selected to participate in this groundbreaking study.

Program: "Community Focus -FM"
Host: Guy Lambert
Issues: Health, Education, Crime and Violence, Youth and Financial
Run Time: 15:59 minutes of a 60 minute show
